SUBJECT : Items for Your Attention

1. I have endorsed Effectiveness Report on [REDACTED] and since it is an outstanding report, you or Gen. Cabell should make an additional endorsement in accordance with para. 15 of AFM 36-10. I have also made out the ER on [REDACTED]. I had wanted to show it to you before I signed it, but since you will have to endorse it, I have signed it and attach it hereto.

2. I do not believe you have seen the two cables on [REDACTED] possible security breach. He has been brought back to Headquarters, I have talked with him and he is temporarily working at MPD pending our disposition of his case. Security is having an investigation made to determine if there was any compromise to our security and to try to get some background on the female companion if they can determine who she was. If it turns out he did give away revealing information that would compromise our project, we will have to determine what action to take. This will possibly be returning him to the Air Force for court martial or whatever other punishment is consistent with the degree of his breach. If he has not compromised our activities, I believe he has been sufficiently scared and has gathered up his loose attitude, and will probably turn into a pretty good, tight-lipped soldier for us after this investigation. Security should keep you informed further on this.

3. During your vacation, Gen. Cabell stated that he thought it wise for us to purchase a handsome present for [REDACTED] and one for each of the [REDACTED] pilots. Money has been drawn for this purpose in the amount of \$2,000 and [REDACTED] has purchased a gun for the General and tape-recorders for each of the pilots. I do not believe these gifts should be presented until we are certain the pilots are going back. Also the pilots are to carry the gift to the General as a present from Mr. Dulles.

4. Operations indicates that in their estimation the USCM for Detachment C can possibly begin the week of 28 October. This would allow deployment of Detachment C the week of 12 November. I suggest we use these dates for planning purposes and so notify [REDACTED]

5. I have asked Operations to have the SOP for film and tape flow from Detachment B to the States prepared. I understand [REDACTED] reviewed this SOP while here but I have not yet seen the publication.

6. I assigned Operations monitorship of the redeployment plan for Detachment A. Materiel and Administration were to lend assistance in the preparation of this plan. It should be now ready for your review. This plan could not be complete since we did not know the location or date for deployment. Possibly it is not needed now but you may want to review it.

7. On 17 August I talked to 4 of the Detachment B contract pilots. They had already discussed with Mr. Houston the per diem and food and lodging questions. I discussed leave policy with them. A record was made of this meeting and is attached hereto.

8. I have discussed leave policy on military personnel with [REDACTED] and attach hereto my proposal for leave policy on Air Force personnel assigned to the project in [REDACTED] and [REDACTED]. I have not arrived at a project leave policy for Agency personnel because I believe [REDACTED] is closer to Agency policy 25X1A9a on this. I have asked him to come up with a recommendation to you on this. 25X1A9a 25X1A9a

25X1A9a 9. I discussed with [REDACTED] the letter from [REDACTED] requesting reimbursement on his trip to the U.S. I told Fred that since the policy was one leave in 18 months (after six months overseas duty) that we would meet [REDACTED] half way by either of the following conditions: If we pay for the trip which [REDACTED] has already taken, he will get no further transportation paid to the U.S. within the next 18 months. If he pays for this trip which he has taken, then after his 6 months overseas service he will be eligible for a paid trip to the U.S. [REDACTED] thought this was certainly lenient enough on our part. 25X1A9a

10. I plan to return from leave on Friday at which time I will call the office. From Monday to Thursday I will be in the area of Nags Head, N. C.
